A MORE PEACEFUL LIFE

We all need an occasional escape, a way to relieve our aches, the chance to renew special connections. We need more peace—peaceful bodies, peaceful minds, and peaceful homes.

While we're similar in many ways, we're also unique in how we define and find our peace. You are uniquely you. That's why Bullfrog Spas offers the only truly personalized spa available. With an incredible variety of layouts and the patented JetPak Therapy System™ you are empowered to select the spa experience that works for you, which you can then customize at any time. It's an ingeniously simple design that provides unmatched reliability, efficiency, quality, and peace of mind.

It seems a little too simple, but the benefits of a personalized spa are real. Discover how just a few minutes in your Bullfrog Spa can make your life a little more peaceful, each day.

PEACEFUL BODY

It's a fact, regular exercise and physical activity are necessary to maintain a healthy body. Nothing supports your health and fitness goals better than a Bullfrog Spa, personalized just for you.

Your Bullfrog Spa allows you to select the specific JetPak massages to support recovery, rejuvenation, pain relief, or whatever your body needs. You will be able to exercise more, escape pain, relax tired muscles, sleep better, and feel better.

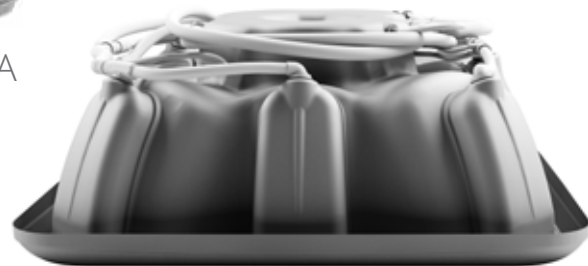

ENGINEERED FOR PERFORMANCE

Because your Bullfrog Spa is engineered with the patented JetPak Therapy System™, it uses up to 90% less plumbing than comparable conventional spas. This improved and simplified water delivery system means fewer holes in the shell, fewer fittings, and hoses, and nearly zero chances for a leak to form. An ultra-efficient plumbing system generates more jet power with less demand on the pumps, which translates to better massage experiences and improved efficiency.

A woman with blonde hair in a bun is relaxing in a white hot tub. She is wearing a green swimsuit and has her eyes closed, appearing to be in a state of relaxation. A large white patio umbrella is open over her. The background shows a wooden fence and some greenery, suggesting a backyard setting. The overall mood is peaceful and relaxing.

PEACEFUL MIND

We all need a little time for ourselves, time to slow down, unwind, and decompress. Escape can be as close as your own backyard. In just a few minutes a day you can make relaxation a reality. Your soothing spa experience is all your own, completely personalized with your ideal selection of JetPak massages, each one suited to your specific preferences.

RELIABLE

BUILT TO LAST

Each Bullfrog Spa is built on our patented EnduraFrame™ support structure, a sturdy and precise molded ABS spa frame. Our proprietary support structure does not use wood or metal so it will never rot or corrode as it provides enduring support and peace of mind.

PEACEFUL HOME

A Bullfrog Spa makes the ideal centerpiece of a beautiful backyard and the perfect way to enjoy quality time with those you love. Whether it's a backyard get together with family, a party with friends, or a little quiet time with the most important person in your life, your Bullfrog Spa helps build and keep strong and lasting connections. Bring a little peace to your home with your new Bullfrog Spa.

PERSONALIZED

JETPAK THERAPY SYSTEM™

You deserve the very best spa experience, and that means a spa that is personalized just for you, your needs, and your preferences.

Only Bullfrog Spas can offer the proprietary and patented JetPak Therapy System™, which is the only system that allows you to align your spa experience specifically to your body, your therapy preferences, and your lifestyle. Select your perfect massages, place them in your favorite seats, move them from seat to seat whenever you like, and upgrade with a new JetPak at any time.

This is your ideal spa experience, because it's personalized just for you.

SPA OPTIONS

EASY WATER CARE

WATER CARE FOR CRYSTAL CLEAR RESULTS

The Bullfrog Spas Premium Water Care Package combines the exceptional benefits of three clean water systems, to produce optimal results. With our systems, you can minimize time spent, as you easily maintain clean, clear, healthy water. Your spa water will require fewer chemical additives than ever before, and minimal attention.

FROG® @ease® FOR BULLFROG SPAS

The FROG @ease water care system creates fresh clean mineral water, while self-regulating SmartChlor® technology maintains low chlorine levels. With FROG @ease in your spa, you'll use up to 75% less chlorine, reducing the need for shock treatments to once a month, while protecting swimwear and skin.

EOS™ O₃ ENHANCED OZONE SYSTEM

EOS O₃ is a revolutionary automatic water purification system that eliminates impurities using the powerful oxidation properties of O₃ gas. This unique three-part system works by generating ample amounts of O₃ gas, combining it with spa water in an isolated high-contact mixing chamber, and then filtering out over 99% of excess ozone to prevent negative off-gassing effects.

WELLSPRING™ DEDICATED FILTRATION PUMP

The dedicated Wellspring filtration pump is a quiet, vibration free, circulation pump that is more than eight times as effective as standard filtration pumps. Your spa will filter better, while consuming up to 60% less operating energy, saving you money.

PREMIUM SOUND

Bullfrog Spas feature series-specific audio options that provide rich in-spa surround sound, a reliable and hidden in-wall speaker system with state-of-the-art transducer technology, convenient locations to rest and charge devices, an in-spa subwoofer, and easy Bluetooth connectivity to your smartphone or digital audio player.*

*Specifications of audio systems and features may vary by series.

CLOUD CONTROL 2™

Control your Bullfrog Spa from your smart device. Our simple to set up mobile app provides connection from wherever you go, and can be integrated to Amazon Alexa and Google Home smart systems.

Monitor operational status and control temperature, lights, pumps, and filtration settings—anytime, from anywhere.

SAFETY & COMFORT

RAISING THE BAR **ON SAFETY**

Bullfrog Spas makes it safe and easy to get in and out of your spa with minimum effort and maximum security, thanks to our attractive and innovative hot tub accessories, exclusively designed for your spa. We've simplified your spa experience and taken every effort to ensure you're safe and secure. Rest assured, your spa is a peaceful place to relax, recover, and reconnect with loved ones.

COVERMATE I™ & III™

Bullfrog Spas cover lifters add convenience and ease to opening and closing your spa cover. Choose from CoverMate I™ with an easy-to-use mechanical lift system, or select the CoverMate III™ with a handy hydraulic lift assist system that makes lifting your cover easier than ever.

STEP OPTIONS

Make spa entry and exit easy by choosing from a wide selection of matching or coordinating steps and step systems. Whether it's the ultra-wide span, cabinet-matched colors of the elegant M Series step, the attractive, versatile, highly-configurable, and cabinet-matched Select Step system, or the long-lasting color-coordinated DuraStep, you'll enjoy non-slip tread surfaces, secure access, and a more peaceful spa experience.

SWIMDEK™ FOR M SERIES

The SwimDek™ Surface Package defines premium luxury and support with innovative, slip-resistant cushioning. Durable padding adheres to the interior surface of your M Series spa, offering an extra layer of premium comfort and safety.
