A MORE PEACEFUL LIFE

We all need an occasional escape, a way to relieve our aches, the chance to renew special connections. We need more peace—peaceful bodies, peaceful minds, and peaceful homes.

While we're similar in many ways, we're also unique in how we define and find our peace. You are uniquely you. That's why Bullfrog Spas offers the only truly personalized hot tubs and swim spas. With an incredible variety of layouts and the patented JetPak Therapy System™, you are empowered to select the spa experience that works for you, which you can then customize at any time. It's a distinctively simple design that provides unmatched reliability, efficiency, quality, and peace of mind.

It seems a little too simple, but the benefits of a personalized spa are real. Discover how a few minutes each day in your Bullfrog Spas hot tub or swim spa can create a more peaceful life.

PEACEFUL BODY

It's a fact: regular exercise and physical activity are necessary to maintain a healthy body. Nothing supports your health and fitness goals better than a hot tub or swim spa, personalized just for you.

Your Bullfrog Spa allows you to select the specific JetPak massages to support recovery, rejuvenation, pain relief, or whatever your body needs. You will be able to exercise more, relieve pain, relax tired muscles, sleep better, and feel better.

ENGINEERED FOR PERFORMANCE

Bullfrog Spas hot tubs and swim spas engineered with the patented JetPak Therapy System™ use less plumbing than conventionally plumbed spas—up to 90% less than some models. This improved and simplified water delivery system means fewer holes in the shell, fewer fittings and hoses, and less chances for a leak to form. An ultra-efficient plumbing system generates more jet power with less demand on the pumps, which translates to better massage experiences and improved energy efficiency.

PEACEFUL MIND

We all need a little time for ourselves, time to slow down, unwind, and decompress. Escape can be as close as your own backyard. In just a few minutes a day you can make relaxation a reality. Your soothing spa experience is all your own, completely personalized with your ideal selection of JetPak® massages, each one suited to your specific preferences.

RELIABLE

BUILT TO LAST

Each Bullfrog Spa is built on our patented EnduraFrame™ support structure, a sturdy and precise molded ABS spa frame. Our proprietary support structure does not use wood or metal so it will never rot or corrode as it provides enduring support and peace of mind.

A Bullfrog Spa makes the ideal centerpiece of a beautiful backyard and the perfect way to enjoy quality time with those you love. Whether it's a backyard get together with friends, quality time with family, or a chance to reconnect with a special someone, your Bullfrog Spas hot tub or swim spa will help you build strong connections and lasting relationships. Bring a little peace to your home.

PERSONALIZED

JETPAK THERAPY SYSTEM™

You deserve the very best hydrotherapy experience. This means a spa that is personalized, just for you, with the specific therapy experiences you prefer, selected to suit your unique needs and preferences.

Only Bullfrog Spas can offer the proprietary and patented JetPak Therapy System™, which is the only system that allows you to align your spa experience specifically to your body, your therapy preferences, and your lifestyle. Select your preferred JetPak massages, place them in your favorite seats, move them from seat to seat whenever you like, and upgrade with a new JetPak at any time.

This is absolutely the ideal spa experience because it's your custom spa, personalized just for you.

STUNNING DESIGN AND THOUGHTFUL LUXURY

LUXURY CLASS

A Series spas feature a variety of thoughtful, comfort-tested seating layouts, along with ergonomic headrests, thoughtful lighting, and the latest JetPak Therapy System™ technology ever offered. Available in three trim classes, with stunning designs and rich feature sets to complement your home, lifestyle, and budget. You'll love the stylish and functional touches, safe entry/exit points, and a luxurious spa experience that truly creates a more peaceful life.

A SERIES STANDARD FEATURES:

- JetPak Therapy System™
- Interior and exterior lighting
- Premium full-color spa controls
- Simplicity® filtration system
- Integrated water feature
- Premium Patio Performance™ fabric cover
- 100% wood-free EnduraFrame™ support structure

*All models and JetPaks shown with A Series Select Trim Package

HEADRESTS

The enhanced A Series headrests are better aligned to the neck and spine and offer an improved fit and look, blending seamlessly into the natural contours of the spa.

CONTEMPORARY DESIGN

Each visible component, the cabinet, acrylic shell, headrest, jets, cover, and every other piece of trim are coordinated with the rest of the spa. The result for each color and trim package selection is a stylish and visually appealing spa that will become the centerpiece of your backyard.

WATER FEATURE

The A Series premium waterfall is smooth, not splashy. A dedicated pump creates a consistent, subtle flow that fills a lighted basin. Both water and light cascade into the spa for a calm mood and a more peaceful environment.

LIGHTING

Enjoy reimagined lighting that includes exterior safety lighting, cup holders, water features, and well-lit controls that are easier than ever to operate at night.

The A Series Select trim package offers JetPaks with new under-lighted headrests that enhance the mood of your spa relaxation. Our inductive lighting technology means you can snap in the JetPak and the lights come on automatically with no need for wires or connectors.

A TRIM FOR YOUR STYLE AND BUDGET

Your A Series spa is available in one of three trim levels: A Series, A Series Plus, or A Series Select.

The A Series trim package features a standard JetPak count, a nice complement of features, and all the quality of A Series—the perfect way to enjoy a premium spa experience at a price level comparable to spas featuring far less.

The A Series Plus trim package ensures that you get the max JetPak count, along with a well-appointed and thoughtful selection of premium features for a wonderfully luxurious spa experience.

The A Series Select trim package features the maximum JetPak count, along with stunning premium aesthetics, every functional and finish upgrade, and all the finer details that make your spa experience a true delight.

LOW-IMPACT TRAINING

Enjoy ample space for a variety of low-impact water-based workouts and stretches. Custom tailor your routine according to your fitness level for maximum benefit, such as better cardiovascular health, weight management, or improved muscle tone.

STRENGTH & FLEXIBILITY

Featuring built-in anchors for optional resistance training accessories, your Swim Series can help you achieve your various fitness goals. Whether those goals include building strength, burning calories, or improving flexibility, you'll have a variety of exercise options available at any time.

YEAR-ROUND ENJOYMENT

No matter where you live, your Swim Series can be used all year long, removing the limits often imposed by in-ground pools. Whether you're using it for daily workouts, play, or simply for relaxation and enjoyment, you have total control of the temperature settings, making your Swim Series the ideal all-season retreat.

JETPAK THERAPY SYSTEM™

The only spa in the category with the one-of-a-kind JetPak Therapy System. Select your perfect massages, place them in your favorite seats, and upgrade with a new JetPak® at any time to receive therapy that is powerful and energy-efficient. This is your ideal spa experience because it's personalized just for you.

FITNESS KITS

The simple, multi-functional fitness kits come equipped with a proprietary adjustable row bar, handles, or resistance bands of different lengths and intensities for a variety of full-body workout options.

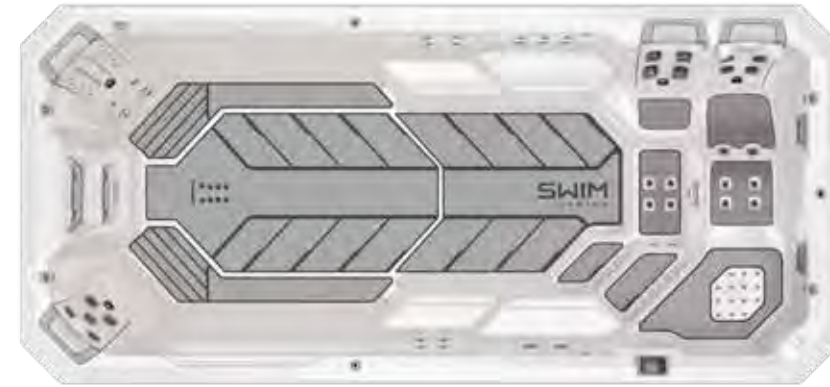

ZERO GRAVITY SPA HAMMOCK

There is no feeling like being freed from the heaviness of gravity's grasp. The first-of-its-kind, patent-pending Zero Gravity Spa Hammock combines stretch suspension and buoyancy to create a zero-gravity effect that'll take you out of this world.

SWIM TETHER

The Swim Tether system provides an exceptional experience for swimmers of all skill levels. Use in combination with or without the spa's current system. Simply strap the belt to your waist and swim unencumbered for a high-resistance, low-impact workout.

SPA OPTIONS

EASY WATER CARE

WATER CARE FOR CRYSTAL CLEAR RESULTS

Bullfrog Spas offers an assortment of premium water care solutions and options in three categories: Filtration, Sanitation, and Oxidation. Choose the premium Simplicity® Filtration System, dedicated WellSpring Filtration Pump, FROG® @ease® for Bullfrog Spas premium sanitization system, or our industry-best AOP system by Clear Comfort, or better yet, all of these combined. You're sure to find the perfect combination for you, making water care safer, more effective, and easier than ever before.

CLEAR COMFORT AOP SYSTEM

Worry-free spa ownership with reliably clean, clear water all the time is now possible with our industry-best premium AOP system, Clear Comfort for Bullfrog Spas. Advanced oxidation process (AOP) technology operates automatically, every time your spa filters. The system generates hydroxyl ions, creating a powerful oxidation effect that removes impurities and ensures clean, clear, and safe spa water, adding to your peace of mind and ensuring your spa is always ready.

EOS™ O₃ ENHANCED OZONE SYSTEM

EOS O₃ is a revolutionary automatic water purification system that eliminates impurities using the strong oxidation properties of O₃ gas. This unique three-part system works by generating ample amounts of O₃ gas, combining it with spa water in an isolated high-contact mixing chamber, and then filtering out over 99% of excess ozone to prevent negative off-gassing effects.

FROG® @ease® FOR BULLFROG SPAS

The FROG @ease water care system creates fresh clean mineral water, while self-regulating SmartChlor® technology maintains a just-right low level of chlorine that's at the ready and activated when needed. With FROG @ease in your spa, you'll use up to 75% less chlorine, reducing the need for shock treatments to once a month, while protecting swimwear and skin.

EASY WATER CARE

WELLSPRING™ DEDICATED FILTRATION PUMP

The dedicated Wellspring filtration pump is a quiet, vibration-free circulation pump that is more than eight times as effective as standard filtration pumps. Your spa will filter more quietly and effectively while consuming up to 60% less operating energy.

SIMPLICITY® FILTRATION SYSTEM

This system features dual intakes for more effective skimming, an in-wall design that saves an incredible amount of space for seating, and an industry-first flat filter. You'll absolutely love the convenience and cost savings that come with this simple approach to spa water filtration.

ENHANCED EXPERIENCE

PREMIUM SOUND

Bullfrog Spas feature series-specific audio options that provide rich in-spa surround sound, a reliable and hidden in-wall speaker system with state-of-the-art transducer technology, an in-spa subwoofer, and easy Bluetooth connectivity to your smartphone or digital audio player.*

*Specifications of audio systems and features may vary by series.

CLOUD CONTROL 2

Monitor and control your spa from anywhere with our Cloud Control 2 smartphone app and control module. Connect your spa to your home wifi and operate from anywhere via your smartphone or connected device. Check the operation status while you're on vacation. Turn up the temperature from work to prepare for evening relaxation. Control the lights, pumps, and filtration settings from anywhere. Cloud Control 2 puts your spa operations in the palm of your hand anytime and any place with an internet connection.

SAFETY & COMFORT

RAISING THE BAR **ON SAFETY**

Bullfrog Spas makes it safe and easy to get in and out of your spa with minimum effort and maximum security, thanks to our attractive and innovative hot tub accessories, exclusively designed for your spa. We've simplified your spa experience and taken every effort to ensure you're safe and secure. Rest assured, your spa is a peaceful place to relax, recover, and reconnect with loved ones.

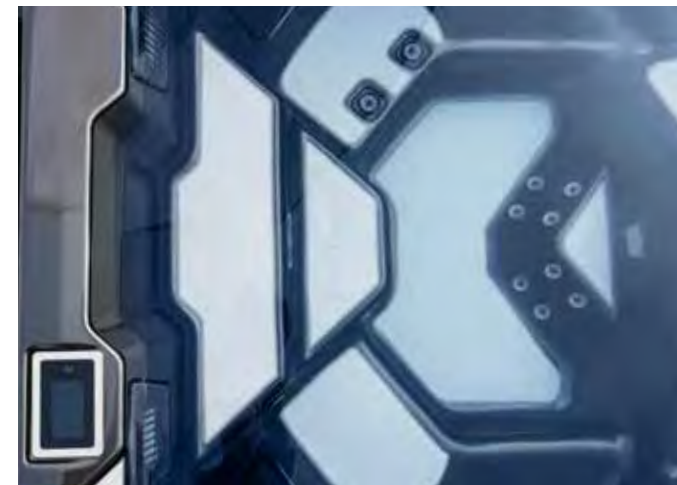

STEP OPTIONS

Make spa entry and exit easy by choosing from a wide selection of matching or coordinating steps and step systems. Whether it's the elegant M Series step, the robust Premier Step™, the versatile and highly-configurable Select Step™ system, or the long-lasting DuraStep™, you'll enjoy non-slip tread surfaces, secure access, and a more peaceful spa experience.

COVERMATE I™ & III™

Bullfrog Spas cover lifters add convenience and ease to opening and closing your spa cover. Choose from CoverMate I™ with an easy-to-use mechanical lift system, or select the CoverMate III™ with a handy hydraulic lift assist system that makes lifting your cover easier than ever.

NON-SLIP AQUATIC SURFACE PACKAGE

The non-slip aquatic surface package with SwimDek® defines premium luxury and support with innovative, slip-resistant cushioning. Durable padding adheres to the interior surface of your M Series, A Series, or Swim Series spa, offering an extra layer of premium comfort and safety.
